Equal Opportunity in Swimming

‘Equal Opportunity in swimming and water polo is about celebrating difference and diversity and as such providing a structure that can respond to this in a proactive and positive manner’.

Addressing Equal Opportunities

In addressing equal opportunities, Sutton and Cheam Swimming Club will ensure that equity (as stated in the club rules) is incorporated into all aspects of its activities, and in doing so, recognises and adopts the following Sport England definition of Sports Equity:

“Sports equity is about fairness in sport, equality of access, recognising inequalities and taking steps to address them. It is about changing the culture and structure of sport to ensure it becomes equally accessible to all members of society”

Sutton and Cheam Swimming Club also supports the following four key principals as being fundamental to ensuring equality in our sport.

Entitlement: People have a right to participate in and access quality and appropriate experiences within swimming and water polo.

Accessibility: It is the responsibility of the club to adapt provision to fit the needs of the many.

Inclusion: Wherever and whenever possible, we will make every effort to ensure all have access to the same quality of provision, and if necessary, we will use positive action to ensure this:

Integrity: Whatever we do as a club in changing or adopting provision, it must be of equal worth, challenging, relevant and in no way patronising.

Equality Policy

In addressing these key principles, Sutton and Cheam Swimming Club and all its members undertake to respond to issues of equality by:

- Recognising that swimming and water polo are ‘Sports for all’. They can and should be enjoyed and made accessible to everyone.
- Positively encouraging involvement, membership and participation from all sectors of the community, regardless of their gender, race, disability, age and

social background, ensuring that swimming is accessible to the many rather than the few

- acknowledging that equal opportunity is about recognising that people are different and therefore require different provision
- taking positive action to increase the involvement from under represented groups in all aspects of our club
- recognising that as a club, we need to adapt and work flexibly in order to respond to the needs of a wide and diverse range of people.
- Promoting an open and honest culture that values diversity and promotes equality of opportunity
- Ensuring that everyone feels a valued member of our club
- opposing discriminatory behaviour and dealing with any incidence of discriminatory behaviour seriously, according to the ASA's 'Code of Ethics' and the Club disciplinary procedures.

Teaching and Coaching

In our training and development of Teachers and Coaches, we will strive to ensure that they:

- Adopt, promote and practice the principals and practices of equal opportunities
